Section	I
<b>Wireless Basics.....</b> <span style="float:right">1</span>	
<b>1</b>	<b>How Wireless Works .....</b> <span style="float:right">3</span>
	Passing Signals Through Walls..... <span style="float:right">4</span>
	Adding Data to Radio Waves..... <span style="float:right">6</span>
<b>2</b>	<b>Wireless Standards .....</b> <span style="float:right">9</span>
	802.11b: The Reigning King ..... <span style="float:right">12</span>
	802.11a: Higher Frequencies, Less Interference..... <span style="float:right">13</span>
	802.11g: Faster and Compatible ..... <span style="float:right">15</span>
<b>3</b>	<b>Wireless Hardware.....</b> <span style="float:right">19</span>
	Access Points..... <span style="float:right">20</span>
	Wireless Network Adapters .....
	Antennas ..... <span style="float:right">32</span>
<b>4</b>	<b>Other Wireless Standards.....</b> <span style="float:right">35</span>
	Bluetooth..... <span style="float:right">35</span>
	Cellular Data Networks .....
	Meet the Family: 802.11 Relatives .....
	WiMax: 802.16 and the Long Haul .....

<b>5</b>	<b>Wireless of the (Near) Future .....</b>	<b>49</b>
	Mesh Networking .....	49
	Ultra Wideband (UWB).....	52
	Airborne Wireless Broadband .....	54
<b>Section</b>	<b>II</b>	
	<b>Connecting Your Computer.....</b>	<b>57</b>
<b>6</b>	<b>Connecting Your Windows PC .....</b>	<b>59</b>
	Installing Hardware .....	59
	Configuring Windows XP .....	60
	Configuring Broadcom Software .....	67
	Configuring Linksys Software .....	69
	Configuring Orinoco Software.....	76
	Configuring Other Wireless Client Software.....	78
<b>7</b>	<b>Configuring Your Centrino Laptop .....</b>	<b>81</b>
	Managing Connections .....	82
	Using Profiles .....	83
	Troubleshooting.....	85
<b>8</b>	<b>Connecting Your Macintosh .....</b>	<b>89</b>
	Simple Connection .....	89
	Intermediate Connection .....	91
	Configuring Other Client Software .....	96
<b>9</b>	<b>Connecting with Linux and FreeBSD.....</b>	<b>99</b>
	Linux, FreeBSD, and Wi-Fi.....	99
<b>10</b>	<b>Connecting Your Handheld.....</b>	<b>103</b>
	Palm OS.....	104
	Windows Mobile 2003 .....	108
<b>11</b>	<b>Connecting via Bluetooth.....</b>	<b>115</b>
	Pairing .....	115
	Practical Bluetooth .....	125

**12 Creating an Ad Hoc Wireless Network ..... 137**

Creating an Ad Hoc Network in Windows XP .....	138
Creating an Ad Hoc Network in Mac OS 8.6/9.x.....	139
Creating an Ad Hoc Network in Mac OS X.....	141

**13 Sharing Files and Printers ..... 143**

Windows XP .....	143
Mac OS 9 .....	146
Mac OS X .....	150
Sharing Printers .....	153

**14 Troubleshooting Your Connection ..... 155**

Problem: Can't See Wireless Network .....	156
Problem: No Wireless Connectivity.....	159
Problem: Signal Strength Is Poor .....	162
Problem: No Roaming Network/Internet Access .....	163

---

**Section III**

---

**Building Your Wireless Network... 165****15 Planning Your Wireless Network ..... 167**

Drawing a Network Diagram.....	168
Shopping and Configuring.....	173

**16 Buying a Wireless Gateway ..... 177**

Hardware Options .....	178
Configuration Interfaces .....	181
Network Services .....	182
Security and Filters .....	185
ISP Interaction .....	189
Miscellaneous .....	191

**17 Setting up a Gateway ..... 195**

Linksys BEFW11S4 .....	195
Linksys WRT54G .....	201
AirPort Extreme Base Station .....	204
Common Gateway Settings .....	215

<b>18</b>	<b>Wireless Gadgets</b>	<b>219</b>
Cameras	.....	219
Printers and Adapters	.....	224
Wi-Fi Detectors	.....	227
File Servers	.....	228
Music and Photo Players	.....	229
TVs, Monitors, and Projectors	.....	231
Wi-Fi Phones	.....	233
Miscellaneous	.....	235
<b>19</b>	<b>Creating a Software Access Point</b>	<b>237</b>
Configuring Software Base Station in Mac OS 8.6/9.x	.....	238
Configuring Internet Sharing in Mac OS X	.....	240
Windows XP and Routing Software	.....	241
<b>20</b>	<b>Bridging Wireless Networks</b>	<b>245</b>
Bridging Basics	.....	245
Kinds of Bridges	.....	247
<b>21</b>	<b>Indoor Antenna Basics</b>	<b>255</b>
Confirming Compatibility	.....	256
Indoor Antenna Types	.....	257
Antenna Installation Tips	.....	260
<b>22</b>	<b>Small Office Wi-Fi Networking</b>	<b>261</b>
Safe Passage	.....	262
Authorized Access	.....	267
<b>23</b>	<b>Troubleshooting Your Wireless Network</b>	<b>271</b>
Problem: Signal Strength Is Poor	.....	272
Problem: Signal Is Intermittent	.....	274
Problem: Reception Is Impossible	.....	275
Problem: No Wireless Connectivity	.....	276
Problem: Frequent Need to Reset Access Point	.....	277
Problem: No Link between Wireless and Wired Networks	.....	279
Problem: No Internet Connection	.....	280
Problem: WDS Doesn't Work	.....	282

---

**Section IV****Wireless Security..... 283**

---

**24 Wireless Worries..... 285**

- Likelihood of Attack ..... 286  
Determining Liability ..... 287  
Who Should Worry About What ..... 293

**25 Preventing Access to Your Network .....** **295**

- Sops to Security ..... 295  
Encryption and Control ..... 297  
Know Your Enemy ..... 302

**26 Securing Data in Transit .....** **309**

- Email Password Encryption..... 310  
Content Encryption..... 311  
SSH (Secure Shell) ..... 315  
SSL (Secure Sockets Layer) ..... 319  
VPN (Virtual Private Network) ..... 322

**27 Protecting Your Systems..... 325**

- Why Worry? ..... 325  
Anti-Virus Software ..... 327  
Active Firewalls ..... 328

**Section V****Taking It on the Road .....** **333**

---

**28 Finding Wi-Fi on the Road..... 335**

- Free Wireless Networks ..... 336  
Commercial Wireless Networks ..... 341

<b>29</b>	<b>Configuring WISP Software</b>	<b>357</b>
Boingo Wireless	358	
iPass	363	
GRIC	368	
Sprint PCS	368	
Other WISPs	370	
<b>30</b>	<b>Using Cellular Data Networks</b>	<b>371</b>
Connecting with GSM and GPRS	371	
Connecting with CDMA and CDMA2000	375	
<b>31</b>	<b>Prepping for the Road</b>	<b>379</b>
Access Accounts	379	
Email	380	
Files	382	
Backing Up	384	
VPNs	385

<b>A</b>	<b>Networking Basics.....</b>	<b>435</b>
	What's a Network?.....	436
	Network Uses .....	437
	Network Wiring.....	440
	Network Devices .....	453
	Network Protocols .....	461
<b>B</b>	<b>Configuring Your Network Settings .....</b>	<b>469</b>
	Configuring Network Settings in Windows .....	470
	Configuring Network Settings in Mac OS 8.6/9.x .....	475
	Configuring Network Settings in Mac OS X .....	476
<b>C</b>	<b>How to Troubleshoot.....</b>	<b>479</b>
	1. Describe the Problem .....	479
	2. Break the System Apart.....	480
	3. Ask Yourself Questions.....	481
	4. Answer Questions .....	482
	5. Get Expert Help.....	483
	Dealing with the Insolvable .....	488
	<b>Glossary .....</b>	<b>489</b>
	<b>Index.....</b>	<b>505</b>
